Tun District of Columbia is not an exception so far as investigations are conquestion; in Albany, the capital erection.

abusing General Grant for what they call rural districts. "discourtesy" to the four hundred million New York committee, who called stock jobbers and railroad pirates of the Under the heading of "Parliamentary Empire city. The Pittsburg Commercial Night Birds" it describes a class of honorin referring to the subject says: "The reply to their stilted grandiloquent ad-'dress; but he pierced the committee to "the very marrow of their bones when he "said that they were arguing this question "solely from the standpoint of their per "sonal interests."

THE Democratic organs are not after all without some gratitude. When Tweed fell they all, forgetful of past favors, turned upon him like a pack of wolves, to "save the party." But now that the sins of his omission and commission are fading away, his old champions and supporters are pleading for mercy toward the "statesman" con vict. The Louisville Courier-Journal, for instance, says: "When we consider the po-"sitions the man has held and the luxuries "to which he has been accustomed, the "mere fact of his confinement in the penientiary makes his punishment harder to 'bear than that of any of his fellow-"prisoners." And the Baltimore Gazette chimes in: "The leniency toward him has "been made, by the petty spite of some "small officials, a subject of debate and of "reprobation."

HERE is John Bigelow's plan for the celebration of the Centennial: "That a suffi-'cient number of competent men be invited "to prepare in a concise form accounts of what has been accomplished in this country in such 'departments of human ac-'ligion, literature and typography, agricul-"and sciences which need not be enumerated "here. When these papers are completed. "another squad of literary hacks shall take "the page shall be Mr. Biglow does not sug-ture whose home is in the setting sun. "President shall read this document at Inde-"pendence Hall, and it shall then be tele-"graphed to every town and hamlet in the country, after which he and the assembled "company 'shall adjourn to a public break-If we were President, and Congress or any other body should make it incumbent upon us to carry out Mr. Bigelow's idea we should resign first.

THE New York Graphic, which has won "decided injury. So long as Mr. Mullett it has been done, and it may be done again. "does his work honestly and economically, The fact is, our Congress is a vast improve-the abuse of the Sun and the discontented ment upon any legislative body in the "generally will only disgrace those who world, and one of the most difficult things "thus causelessly attack a worthy and in-"dustrious public servant." "Sunset" is a private bill which should not be passed. venomous little animal, and this exhibition of his small malice in the case of Mr. Multion and venality which are made there is lett is only what all who know him thor- no body anywhere where the opportuni oughly would expect from him.

THE MOIETY LAWS. It is hardly credible that the Committee have legislation which had better been left of Ways and Means have agreed to such a undone; let us console curselves with the report upon the Sanborn contracts as is fact that we are no exception to the rest of alleged by the Tribune correspondent. The the world, and that they do things no contractors are styled, according to this an- better in England or France than we do in thority, "marauders upon the Treasury." these much abused United States. How can this be when the contracts were authorized by law, and the parties acting under them were simply carrying out the will of Congress? The Secretary, Assistant Secretary and Solicitor are censured for being the ministers to execute the law of Congress, because they proceeded against delinquents secretly. If the operations had been published efforts would have been made to destrey the evidence of delinquency. The committee, it is said, disms the imputation of corrupt motives to these officers. What motive could they

have had then except that of saving money to the Pressury not otherwise collectable? wise in their department. The necessity for the contract law arose from the fact that informers' shares had been reduced so low that the unfaithful officers and citizens could make more by winking at delin

cerned. In Brooklyn the bridge business the evils which, they allege, are carrying criticise the taste of the Western people in is under examination; in New York, the our own system of government down to de- selecting their representatives in Congress.

new court-house; in Philadelphia, the coal struction. The American reading public When the great, proud, cultivated, and rethe Brooklyn (N. Y.) papers are comblaining of reckless driving in that city.

In the Brooklyn (N. Y.) papers are comblaining of reckless driving in that city. plaining of reckless driving in that city.

If the Brooklyn editors were only to claims of monarchical over democratic in noble exemplars of what abould constitute If the Brooklyn editors were only to come to Washington they would, in all probability, declare war like the Now York delusion. The British Parliament is, after all, no better or no worse than Congress.

All, no better or no worse than Congress. Heraid. But they should have patience.

All, no better or no worse than Congress.

Knock downs and broken heads by fast to both human nature averages about the same are trilling circumstances when one same. The high-toned sons and descending the way from New York to give the Presidence of the Senators of Wisconsin and Senators o

upon him in regard to the financial bill. hates republicanism with a bitter hate, bethree New York editors who would stand all manner of jobbing and corruption in upon their heads if ordered to do so by the that august body, the House of Commons. able members who wait and watch until 'President's answer was not an attempt to the witching hour of twelve, midnight, to run through all manner of small jobs and private bills. The Review says: "A bill passes through committee late one night, "and the next night the report of amend-"ments may be passed before hardly any-"body has seen them, and certainly before 'anybody has had sufficient time to consider them properly and to understand their ef-"fect on the measure in all its bearings. Af-"ter that the bill has only to lurk in the "dark corners of the notice paper till there "is a chance of smuggling it through by a "concerted gathering of its supporters, who "turn up suddenly at the critical moment in "an empty house just dribbling itself out. "Moreover it is often not until a measur 'has reached an advanced stage - even when it has not been altered - that its "real design or full scope begins "to be appreciated." And again: "The

roguery which is contemplated demands and suggests the cover of carefully 'simulated innocence and simplicity." This is horrible. The idea that the proud descendants of the Norman lords and barons. whose swords flashed at Hastings, at Cressy and Agincourt, should come down to the level of the strikers of the Tweeds and the Connollys, and put into practice all the small games of the Albany and Harrisburg Legislatures is simply amazing. The reve lation destroys one of our sweetest illusions In our simplicity we had supposed that there was, at least, one country where the pub-lic weal was the only end where civic virtue ture, the postal service, the natural and honor and honesty were the rule without an exception. If the statement we have throne and preparing to place the sceptre NO. 62 ELEVENTH STREET NORTHWEST. "sciences, and the fine arts, medical science, out an exception. If the statement we have copied had appeared in the columns of one of our own papers we should have discredited it and set it down to the intense hatred of monarchical institutions; to the malice and feeling of hostility entertained "the material and make a digest of not more by some one of our own country-

whit more exempt from legislative corruption than the republic; that under ducal coronets and stars and garters there live and breathethe same passions as under the more plain and humble homespun of democracy. But there is this difference between our written and printed about our Congress be true-and the British Parliament. There the reputation of being one of the fairest is no private measure so dear to the con-and most fearless journals in the country, gressional heart that it will induce him to gressional heart that it will induce him to has the following pertinent allusions to one remain up until twelve or one o'clock at of the evile of the times: "It is the misfer night in the hope of running it through. "tune of all men who are placed in charge The average Congressman, to be sure, is "of public improvements that they imment in the habit of going to bed with "distely incur the hostility and abuse of the going down of the sun; but hardly "their exvious and disappointed competi- anything could induce him to ,remain "tors, and of those politicians to whose de- in the close and crowded Capitol beyond "mands they decline to make themselves the usual dinner hour. The attacks upon Mr. stomach must be fed, public interests or Mullett, in whose conduct the investiga- private interests to the contrary notwithtion has not found the slightest discred- standing. Taking the two bodies and initable act, offered a fair example of this stituting the comparison between them the kind of abuse. It now appears that Mr. advantages are all upon the side of Con-"Cox's recent onslaught was due to Mr. grees and against our legislative cousins "Mullett's refusal to give employment at upon the other side of the water. Our "Mr. Cox's request to certain men recom-"mended by the Tammany general com-"mended by the Tammany general com-"mittee. He was ready to oblige Mr. Cox ficacious. Instead of trusting to the chances personally, but he could not see why he of somnolency we have a way of reducing "should oblige Tammany Hall. For this unappeased and unappeasable opponents to the inous offence Mr. Cox has opened his the quiet shades of committee rooms and batteries upon the obstinate architect, Downing's restaurant. It is very rarely "without, however, doing him any very that anything of the kind is attempted, but

ties are so slight, the risks so great and the punishment for the commission of wrong so certain and swift-footed. If sometimes we

DISINTERESTED CURIOSITY. "Has the District of Columbia investigating committee given up the attempt to "discover the names of the parties interes "in the real estate pool? Where are Mr.

"Huntington's papers." If the Hartford Courant, from which the above is taken, had consulted the testimony as it has appeared in this journal cerbation, it would have scarcely exposed its ignorance by asking the latter question. It would have known that Mr. Huntington's papers have been in the custody of the committee for some time past. Perhaps it may to the Treasury not otherwise collectable? The truth is that the molety system is not new at all. The farming out of collections may be partially new, but essentially these Sendorn contracts are the same in principle that Government officers have made fortunes under ever since the formation of the Government. Even under the internal revenue law the revenue and special agents of the Treasury have always acted under secret instructions, for the purpose of detecting and preventing freads. The bank examinars have operated like—

The truth is that the molety system is have occurred to the committee that there is no law prohibiting real estate pools, or investments therein. What would the Courant say to a committee of Congress for examination into the insurance pools of Hartford and New York? Does it suppose that Congress has any legitimate right to enter upon such an inquiry because the life and fire companies of those cities have hundred of the country at six to twelve per cent. The companies of the country at six to twelve per cent. The companies of the country at six to the committee that there is no law prohibiting real estate pools, or investments therein. What would the Courant say to a committee of Congress for examination into the insurance pools of Hartford and New York? Does it suppose that Congress has any legitimate right to enter upon such an inquiry because the life and fire companies of those cities have hundred of the country at six to the committee that there is no law prohibiting real estate pools, or investments therein. What would the Courant say to a committee of Congress for examination into the insurance pools of Hartford and New York? Does it suppose that Congress has any legitimate right to enter upon such an inquiry because the life and fire companies of those cities have hundred to the country at six to the contract the contract of the country of the contract of t bank examinors have operated like- twelve per cent. per annum? Would there

encies than by exposing them. All this terests of the fastidious insurance president, great "to-do" over the contract system arises from the fact that some wealthy firms and corporations have been caught and exposed in robbing the Treasury, and they are now trying to get the Committee of Ways and Means to whitewash their characters. The surface of the institution is the receive gold dollars in re-ways are now trying to get the Committee of Ways and Means to whitewash their characters. The surface of the second paper dollars and the surface of the s and Means to whiteweah their charaby the censure of hithful officers and repeal of the law. It appears that sena Bock and Foster have been comstely "wooled" by them. We shall see that the Treasury than insurance. Mr. Winston, who represents some fifty millions of surplus capital, wrung chiefly from those who have suffered life policies to die became the wooner of the District Columbia, will be prease Usion of the District Columbia, will be cause they were too poor to pay the per miums nature, is, it seems, everywhere the same. Under the monarchy and under the republic the average legislator has his own the tactics by which he endeavors to carry them out bear a strong resemblance one to other. For years a certain class of other. The properties of the propose of the insurance of the i

tors which we find in the Tribune. But we beg that Congress will not in vestigate these matters. It might run across a Chesterfieldian "pool" for speculation in good manners, or a "ring" among the commercial and insurance men for the purpose of running the Government by contract, to be awarded to the lowest bidder, in order to save the moleties and salaries. Indeed, there is no telling what might be unearthed. "Better bear the ills "we have than fly to others we know not

THE CÆSARISM ORGANS. Three or four months ago the so-called ndependent press, or a portion of it, be came fairly wild upon what it was pleased to term Cæsarism. Day after day and week after week the most horrible pictures the Republican party, or rather of the were painted in regard to the tendency of were considered sacred, and to break down the barriers and bulwarks of American dem ocracy. We were told that the checks and barriers in our system of government were being gradually swept away; that Congres Administration; that every branch of the Government turned to the Executive mansion, and, instead of exercising its independent functions, was content to be guided and governed by the President. It was pointed out in the most gorgeous rhetoric that the forces of the Army and Navy and of the civil departments of the Government, with their thousands of office-holders, were all directed toward one end, the concentration of the september of the shortest notice at the REPUBLICAN JOB OFFICE. BOLL PANIC! tion and consolidation of power. The Southern States were held up to us as the evidence that the times were out of joint; that General Grant and General Grant's friends were slowly and surely erecting the

in his hands. looked upon it as a mere sensation in our summer politics, and nobody was perhaps more amused at the entire performance than the President himself. But since then what a change has come o'er the spirit of their dream! The journals which were "gest,) and from this digest the President But appearing as it does in the columns of then denouncing the President and the Ad"shall prepare a brief discourse embodying the sedate and stately Review we are reluctantly compelled to believe that it is all a trary power are now calling upon him, sober reality; that the monarchy is not a and entreating him to bring that power into requisition. They demand the overthrow of a State government in South Carolins. They are indignant that he does not order the army to Arkansas to overturn whatever of law is left in that unhappy Commonwealth, and scream in full chorus Congress—that is if all that is said and for a veto of the currency bill. Their demand carries with it its own comment. The President in all these matters, so far as he has acted, has been guided solely by the organic laws of the country and by the courts. No one has been more faithful to the precedents and the traditions of the country from its foundation to the present time. This class and clique is disappointed and chagrined to-day, and that to-morrow; but the Executive holds the scales evenly and fairly between every section and interest. The journals which yesterday accused him of Casarism are to-day angry that he will not
